Dear John

## Security in Occupational Pensions

I attach a copy of a paper prepared by the Pensions Board of the Faculty and Institute, setting out some thoughts on the many issues which will need to be addressed in the coming review of the framework to follow the MFR. These ideas are based on our understanding of your current proposals, and are not intended to represent a fully thought-through framework, but rather some thoughts on the key matters we will all need to be considering over the next year.

May we suggest that this paper may be helpful to the Consultation Panel which you are establishing and on which I am pleased we have secured suitable representation to ensure that we can bring the maximum to bear on thinking over the coming months.

With best wishes.

Yours sincerely

Peter Tompkins
