

### **IFoA GI Board Criteria for Outstanding Achievement Award**

Through the outstanding achievement award, the GI Board seeks to recognise an actuary working in the GI field who has exhibited one or all of the following qualities:

#### **Widespread Influence**

##### **They may be recognised for:**

- Championing and improving diversity and inclusion in the profession
- Widening engagement in the profession, either by encouraging members to volunteer or attracting new members
- Forging exceptional relationships with other insurance professionals e.g. underwriters, accountants
- Contributing to global actuarial or regulatory matters, influencing policy

#### **Exceptional Accomplishment**

##### **They may be recognised for:**

- Attaining notable career heights beyond Actuarial that promote the actuarial skillset e.g. CEO, government minister
- An outstanding contribution to GI actuarial research, either through developing new methods or applying existing ones to non-standard areas

#### **Exemplary Character**

##### **They may be recognised for:**

- Acting with notable professional integrity e.g. whistle-blowing
- Showing outstanding leadership characteristics throughout their career and inspiring and developing others to achieve similar success
- Helping develop professional standards within the IFoA, and/or educating others in what is expected

#### **Endurance**

##### **They may be recognised for:**

- Length of service volunteering for the IFoA
- Length of service working in the Actuarial GI field
- Overcoming significant hardship in reaching career goals
