Issues to be resolved

Should the Reporting Actuary be required to hold a certificate?

Should the criteria for obtaining a certificate be amended?

Peer Review

“FIMC has given the various practice boards the task of introducing peer review in their own areas.

The Life Board’s plans for peer review are being modified in the light of changes to the Appointed Actuary system for life assurance”

Presidents – 3 Feb 2004

Peer Review

“The Actuarial Profession will require that all advice which Directors will be required to take from the new actuarial roles under the proposed FSA rules is to be subject to external actuarial compliance review”

Life Board – Dec 2003

Peer Review

“Compliance review will look not only at the processes followed by the relevant roles, but also at the outcome, for example the advice made on the exercise of discretion by the With Profit Actuary”

Life Board – Dec 2003

Peer Review

Signoff

The advice given by the Actuary advising the Auditor is defined by Paragraph 6 of Part III of Appendix 9.6 to IPRU(INS)

For the other work requiring review, an opinion on whether the duties reviewed have been performed in accordance with FSA rules and Actuarial professional guidance would be contained in a report addressed to the actuary being reviewed

Peer Review

Issues to be resolved

Guidance to be given on the scope of a peer review.

Is an opinion on whether the duties reviewed have been performed in accordance with FSA rules and Actuarial professional guidance adequate?
