# The Impact of Pension Scheme Funds on Share Price Value

9 December, Staple Inn Hall

## ***Dr. John Llewellyn, Llewellyn Consulting***

Before co-founding Llewellyn Consulting, John Llewellyn was Global Chief Economist and then Senior Economic Policy Advisor at Lehman Brothers. This followed almost twenty years at the Organisation for Economic Cooperation and Development (OECD) in Paris, where variously he was Head of International Forecasting and Policy Analysis, editor of the OECD Economic Outlook, Deputy Director for Social Affairs, Manpower and Education, and finally Chef de Cabinet to the Secretary-General.

Prior to that he spent nearly ten years at the Faculty of Economics of the University of Cambridge, and he was also a Fellow of St. John's College. In 1974 he was appointed Assistant Director of Research in the Faculty of Economics.

## ***Pete Richardson, Llewellyn Consulting***

Pete is an experienced macroeconomist and applied economic researcher, with a career spanning 28 years at the Organisation for Economic Cooperation and Development (the OECD), following 12 years as economic adviser at H.M. Treasury and the Departments of Trade and Industry. At OECD Pete was Head of Division responsible for short, medium, and longer-term global assessments and policy studies, economic modelling, data base management, and systems development in support of the OECD Economic Outlook.

He has co-authored macro-structural policy studies on topics including: international trade; globalisation; population ageing; inflation; structural unemployment; supply-side economic potential; and economic models. Pete's recent activities include advisory work on modelling forecasting systems development and presentation material at the OECD and the Asian Development Bank.

## ***Matt Barnes, Pensions Insurance Corporation***

Matt joined Pension Insurance Corporation in June 2007 as a Senior Actuary in the Business Origination team and has led a significant number of successful insurance transactions, including the innovative £300m Denso and £200m Leyland DAF buyouts. Matt joined from Watson Wyatt where he was a Senior Pensions Consultant, holding a Scheme Actuary certificate.

Prior to that he held a similar role with Towers Perrin and started his career in 1997 at National Mutual Life. Matt graduated in Mathematics at Cambridge University and is a Fellow of the Institute of Actuaries.

## ***Neil Hawthorne, Towers Watson***

Neil is currently an actuarial consultant for Towers Watson in the DB Retirement line of Business since August 2009. He has been a fellow since September 2014 and holds the CERA qualification.

He holds an MSc IN Actuarial Finance from Imperial College Business School; as well as an undergraduate degree in Mathematical Physics/Applied Mathematics.
