

Tower Hamlets EBP Volunteer Opportunities 2016/17

Tower Hamlets Education Business Partnership (THEBP) is a leading education charity preparing young people for the future by providing best-in-class programmes, enriching education, training and development. By connecting schools and businesses we foster positive attitudes and show young people how learning can provide the practical life and work skills to support their future aspirations.

To do that, we need you!

Below is a schedule of up and coming volunteering opportunities on **THEBP Employability, Enterprise and Financial Skills events**. Volunteers support a small group of students as they work through the workshops and activities. To volunteer simply select an event and date and email the contact person. If you have any questions about a particular project or programme please do not hesitate to email or call the contact person.

We welcome teams of volunteers as well as individuals. Volunteers also do not need to undergo a DBS background check.

Events require no or little preparation – volunteers need to bring nothing and to dress as they would for the office. No prior training is required. All events are chaired by THEBP.

Schedule last updated on 20/10/16

Overview of THEBP Programmes and Events	
Events	Description
Getting Ahead: Employability Conference	Employability skills conferences. Students work through various activities, each one covering a key skill or employability concept. Skills and concepts covered include first impressions, employer expectations, team work, applying for a job, CVs and Application Forms, interview skills, and so on. One of our 'Flagship' programmes!
Head to Head - Practice Interview Programme	A practice interview programme for pupils in secondary school or college. Volunteers are asked for a half or full day commitment to conduct individual mock interviews with pupils, giving constructive feedback after each interview. One of our 'Flagship' programmes!
Employability Skills Events	Events that focus on the employability skills that will help students access the workplace in the future. Topics include: first impressions, employer expectations, applying for a job, CVs and Application Forms, interview skills, and so on.
Enterprise Skills Event	Events that focus on the 'soft skills' that students will need in the future such as: leadership, communication, presentation, resilience, ability to take advantage of opportunities, negotiation, persuasion, creative thinking and critical thinking.
Financial Skills Event	Activities and events that are designed to improve the financial knowledge, understanding and capability of young people. This could be a basic introduction to budgeting, students finance, banking terms and accounts, protecting yourself and your money online, etc.
Aspirational Events	Workshops that inspire and encourage students to think about the future. These include applying for University, alternatives to higher education, careers days, etc.
