

TWELFTH INTERNATIONAL CONGRESS OF ACTUARIES

WHILE the final decision as to holding a Congress or not rests with the Comité Permanent des Congrès Internationaux d'Actuaires, and no meeting of the Conseil de Direction of that body has been held since the outbreak of war, correspondence with the Organising Committee in Zurich has made it clear that no Congress will be held in Switzerland in 1940. Papers which have been received for submission to the Twelfth Congress are being retained pending decision and instructions from the Comité Permanent.
