

## CMI Software Request Form

Please supply me with a copy of the CMI's software to illustrate the P-spline and Lee-Carter methodologies for projecting mortality.

I hereby agree to the following conditions:

- I understand that the software is illustrative and that the CMI accepts no liability for its use;
- I understand that no support can be provided for the software;
- I understand that it is my responsibility to source versions of R and the interface and to ensure that the software functions correctly with these;
- I understand that the software has been made available for use on the network only. I will not pass copies of the software to any other person; and
- I agree to abide by the terms of the GPL licence.

I further agree that I will communicate any errors or issues I discover to the CMI (email to [mortality@cmib.org.uk](mailto:mortality@cmib.org.uk)) at the earliest opportunity before making any public comment.

Please provide an e-mail address below as this will allow the CMI to email the software and provide updates if necessary.
