Desire Vs. Ability

"Champions aren’t made in gyms. Champions are made from something they have deep inside them — a desire, a dream, a vision. They have to have last minute stamina, they have to be a little faster, they have to have the skill and the will. But the will must be stronger than the skill."

"It is the repetition of affirmations that leads to belief. And once that belief becomes a deep conviction, things begin to happen."

"To be a great champion you must believe you are the best. If you’re not, pretend that you are!"
