GI Board Report

What is the Board supposed to do?

- **Represent GI actuaries**
- **Provide direction**
- **Key agent for development**
- **Communicating**
- **Monitoring, reviewing, responding**
- **Promoting/disseminating knowledge, skills and behaviours**
- **Promoting GI actuaries**

- To represent the interests of the General Insurance actuarial community both within and outside the actuarial profession.
- To provide direction and guidance.
- To be a key agent in the development of the general insurance part of the actuarial profession, to the benefit of all stakeholders.
- Facilitate two-way communication between general insurance actuaries, the wider profession, and representative bodies of other stakeholders.
- Monitoring and reviewing developments that impact general insurance actuaries and users.
- Promoting and disseminating knowledge, skills, and behaviours amongst general insurance actuaries.
- Advocating for the activities of general insurance actuaries; identifying opportunities for other such activities; promoting higher levels of behaviour within general insurance actuarial work in order to deliver a wider range of services.
