1. GOVERNANCE FRAMEWORK

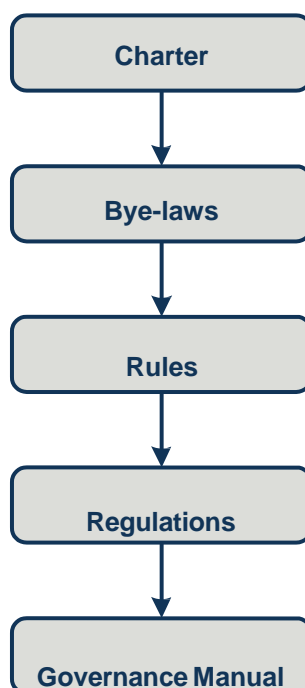

Introduction

- 1.1 We, the **Institute and Faculty of Actuaries (IFoA)**, are a royal chartered body established under a Royal Charter dated 29 July 1884 as amended by a variation allowed by an Order of the Privy Council dated 9 June 2010.
- 1.2 Collectively, the IFoA and its subsidiary undertakings, include the Executive (in other words staff employed by the IFoA), Honorary Officers (including the President, President-elect and Immediate Past President), members of Council and members of our Boards and Committees and their sub-committees and working parties.
- 1.3 In this Governance Manual, “we” refers to the IFoA as a professional body made up of its constituent parts collectively or individually (as the context so requires). “You” refers to the reader as an individual.
- 1.4 We are an international organisation operating out of offices in Edinburgh, London, Oxford, Beijing, Hong Kong and Singapore. Our principal office is: 7th Floor, Holborn Gate, 326 – 330 High Holborn, London, WC1V 7PP.
- 1.5 In general, when it comes to governance we adopt a stakeholder approach that recognises not only the primary interests of our members but also those of other third parties, including independent regulators, government, the users of actuarial advice and the general public. We follow the provisions of the UK Corporate Governance Code, issued by the Financial Reporting Council, to the extent appropriate.
- 1.6 The objects of the IFoA, as set out in the **Charter**, shall be, in the public interest, to advance all matters relevant to actuarial science and its application and to regulate and promote the actuarial profession. Our objects, together with our strategy, set out what we do.
- 1.7 This is reinforced by our **values** framework developed through consultation with our Executive, Council, our members and other external stakeholders in line with our brand and personality. Our values, **Community, Integrity and Progress**, set out what we stand for and how we go about delivering our objects and strategy. They drive our decisions, reflect our beliefs and unite us as one professional body – establishing a collective purpose and consistent way of making decisions so that together we deliver our strategy and grow the reputation and trust of our audiences. It is important to us that all audiences have a **consistent, positive experience of the IFoA as a high quality, credible, sustainable and international professional body**.
- 1.8 These values are consistent with the **Actuaries’ Code** – the Code which applies to our members with the aim of protecting the public interest.

Governing Documents

- 1.9 As a professional body we can operate in any way we think appropriate, provided always that we act legally and within the constraints of our own governance.

1.10 In that regard, we must operate within the following governance hierarchy:

1.11 First, our Royal Charter (**Charter**) and **Bye-laws** set out at a high level our main powers and duties. It is not possible to amend our Charter or Bye-laws without the consent of the Privy Council and a vote of our membership (see [section 1.24](#)). We are to that extent constrained in respect of what we can and cannot do under our Charter and Bye-laws.

1.12 The next two tiers of our hierarchy set out more detailed operating rules. These are split into **Rules** (amendment of which requires a vote of our membership) and **Regulations** (amendment of which is determined by Council). The Regulations are not exhaustive and further “regulation” is set out elsewhere; for example, separate regulations exist to govern our educational processes. In particular, we are required under Bye-law 13 and Regulation 13 to adopt procedures for the regulation of our business and to put in place a “schedule of delegations” to ensure responsibility is delegated to those best placed to exercise it.

1.13 Bye-law 13 and Regulation 13 are given effect to by the fifth tier of our governance: this Governance Manual and its List of Reservations and Delegated Authorities in [Annex 1 \(Scheme\)](#) (together, and including all Annexes, referred to as the **Governance Manual**).

1.14 The Governance Manual’s primary purpose is, therefore, to set out in more detail not only the roles and responsibilities of the various bodies in our governance structure but also to delegate authority for the making of key decisions in the name of, or on behalf of, the IFOA.

1.15 We must also be aware of, and abide by, all legal requirements that impact on how we operate and carry out our business. We are also expected to comply with any operational procedures put in place to give effect to this Governance Manual; particular regard should be given to any Financial Regulations and Procedures put in place by the Chief Executive.

Compliance

- 1.16 You must contact our **Corporate Secretary** if you doubt, or have reason to believe, that a decision taken or proposed to be taken may not be compliant with this Governance Manual. No action can then be taken until the Chief Executive, consulting with the President and the Chair of Management Board – or, Chair of Audit and Risk Committee in the case of a decision taken by or proposed by the President or the Chair of Management Board – decides what further action is required.
- 1.17 Where there is a failure to comply with this Governance Manual, full details of the circumstances and a justification must be sent to the **Chief Executive**. The **Chair of Management Board** must also be notified where the non-compliance may fall within the parameters of **section 1.38 (h)**. The Chief Executive and/or the Chair of Management Board will consider appropriate next steps. They may, for example, choose to ratify the decision or report non-compliance to a formal meeting of the Management Board (for ratification or other steps as may be recommended).
- 1.18 If, for any reason, you are uncomfortable or feel it inappropriate in the circumstances to report non-compliance to the Chief Executive and/or the Chair of Management Board, please contact the Chair of Audit and Risk Committee or the President.

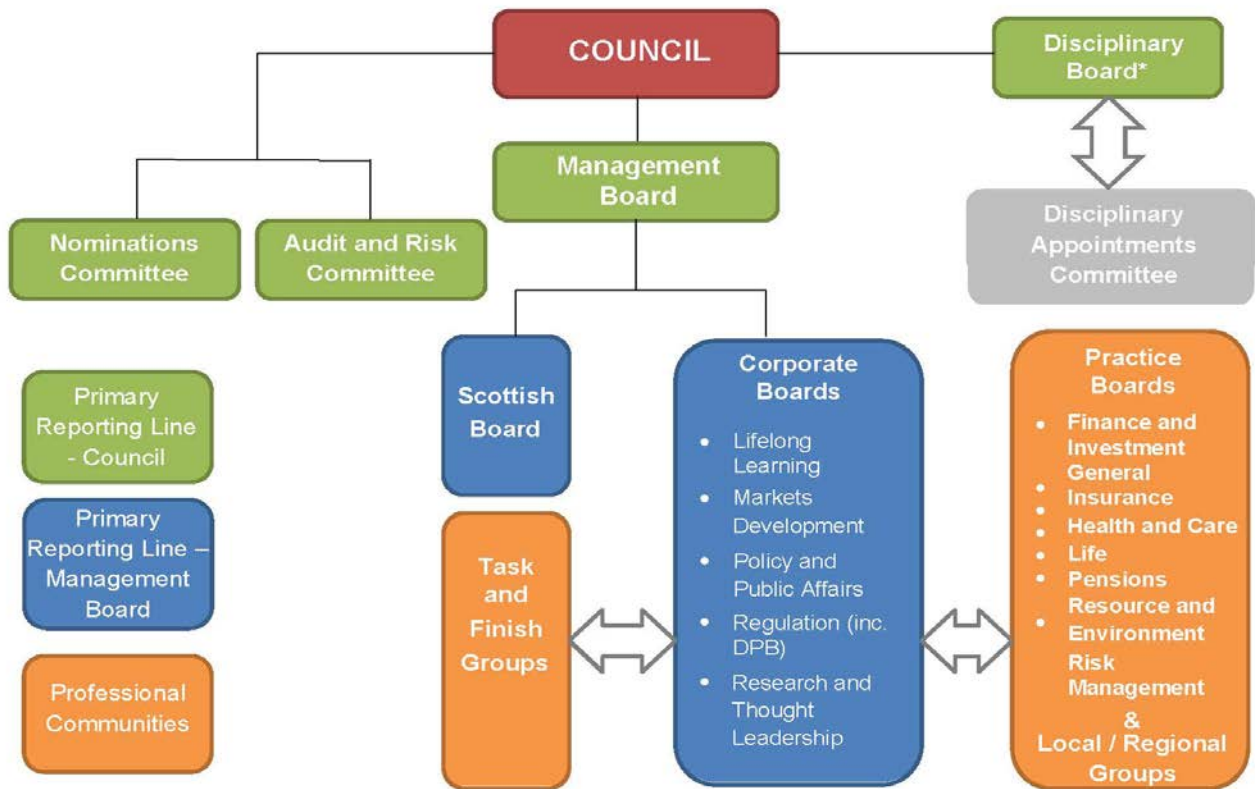

What if I have questions on our governance?

- 1.19 If you have any questions on the IFoA's governance or this Governance Manual please contact our **Corporate Secretary**. If you have any questions on the legal obligations which impact the IFoA please contact the **General Counsel Directorate**.

Governing Structure

- 1.20 Our high-level governance structure is set out below (note: the diagram only shows the IFoA's Boards and Committees). Council is the body that governs and controls the IFoA and its affairs. It discharges this responsibility by determining vision, values and strategy while delegating oversight to Management Board (and other main boards and committees) and delivery to the Executive. In essence:
- Council is ultimately responsible for the vision, policy direction and strategic objectives of the IFoA and to ensure good governance.
 - Management Board is responsible for overseeing, in general terms, the management and operation of the IFoA and holding accountable the Executive.
 - The Executive is responsible for the day-to-day management and administration of the IFoA and implementation of its strategic objectives and policy decisions.

High-level governance structure and reporting lines

*While Disciplinary Board is accountable to Council, for reasons of independence it operates at arm's length.

- 1.21 More details on the role of Council, Management Board, the Boards and Committees and the Chief Executive are set out in the sections that follow.

General Meetings

- 1.22 Importantly, however, under our governance structure certain matters are reserved to, and may therefore only be approved by a vote of, our members in a General Meeting. These matters are set out in the [Charter](#), [Bye-laws](#), [Rules](#) and [Regulations](#) but also in the table below for ease of reference.

Power	Provision
Amendment of or addition to the Charter. Only takes effect after formal approval by the Privy Council.	Article 15, Charter
Making, revocation, alteration or amendment of any Bye-law or Bye-laws. Only takes effect after formal approval by the Privy Council.	Article 14, Charter
Making, revocation, or amendment of any Rule or Rules (including revocation, alteration or amendment of the Disciplinary Scheme).	Bye-law 27
Reinstatement of a member previously removed from Council.	Bye-laws 11 and 50

Election of Honorary Fellow.	Bye-law 37
Any resolution passed in General Meeting in response to a requisition under Bye-law 55 or 56.	Bye-law 57
Any increase in subscriptions where such increase is more than price inflation plus 1%.	Rule 18

1.23 The conduct of a General Meeting is subject to procedural requirements established in the Bye-laws and Regulations. In particular Bye-laws 50 to 57 and Regulations 6 to 16 are relevant.

1.24 Specific voting thresholds apply to amend the Charter, Bye-laws, Rules and Regulations. Those thresholds are set out below in summary for ease of reference:

Voting Thresholds	
Charter	Resolution passed either by: <ul style="list-style-type: none"> • not less than 75% of Council members (i.e. at least 23 where there are 30 Council members); then • not less than two-thirds of members entitled to vote and voting. <p style="text-align: center;">OR</p> <ul style="list-style-type: none"> • not less than 75% of the members entitled to vote and voting. Approval by the Privy Council is then also required.
Bye-laws	Resolution passed either by: <ul style="list-style-type: none"> • not less than 75% of Council members (i.e. at least 23 where there are 30 Council members); then • not less than 50% of members entitled to vote and voting. <p style="text-align: center;">OR</p> <ul style="list-style-type: none"> • not less than two-thirds of members entitled to vote and voting. Approval by the Privy Council is then also required.
Rules	Passed by: <ul style="list-style-type: none"> • not less than 75% of Council members (i.e. at least 23 where there are 30 Council members); then • not less than 50% of members entitled to vote and voting.
Regulations	Passed by: <ul style="list-style-type: none"> • not less than 75% of Council members (i.e. at least 23 where there are 30 Council members); then • published on the IFoA's website for members to view and raise objections during a 4 week period. If 50 or more members raise formal objections then Council will be required to re-consider the proposed amendments, taking into account the views expressed by members.

The Role of Council

- 1.25 Council is set up under Article 4 of the [Charter](#) to exercise control over the IFoA's affairs and ensure good governance. At this time, for reasons of efficiency and to reflect the formal inclusion of a Management Board in the governing documents as approved by our membership, Council has decided that its role is **primarily strategic**. This is exercised by setting and reviewing our vision, values, strategic objectives and risk appetite and monitoring our achievements. In addition, Council plays an important role as a wise, experienced and informed sounding board able to offer guidance, constructive challenge and sensible advice to the Executive and Boards and Committees on an appropriate direction of travel.
- 1.26 More specifically, under our governance structure certain powers are reserved to Council. These matters are set out in the Scheme and include any changes to our constitution and material changes to our governance structure and framework.
- 1.27 In addition, Council delegates certain powers to Management Board, the Executive and Boards and Committees. Council has authority to do so under Article 8 of the Charter and Bye-laws 13, 17 and 18. These delegated matters are also set out in the Scheme and the Terms of Reference of each Board and Committee, which can be found in [Annexes 3 and 7-16](#).
- 1.28 As our governing body, the majority of the procedural rules applying to the conduct of Council's business, the election of its membership, and composition can be found in our Charter, Bye-laws, Rules and Regulations, for example Bye-laws 4 and 9. In addition, Council operates on the basis of agreed Terms of Reference. Its Terms of Reference can be found at [Annex 2](#) and in the Rules and Procedures for Boards and Committees (which also apply to Council) at [Annex 6](#).
- 1.29 Council recognises it is impossible for this Governance Manual to cover all eventualities for a diverse and ever-evolving professional body such as ours but, where there are gaps, Council and its Boards, Committees, sub-committees, working parties and the Executive will use the principles set out in this Governance Manual to help inform the way in which we act and take decisions sensibly. We must be aware of, and abide by, the principles of delegation set out below to ensure consistent decision making.

The role of the IFoA's Honorary Officers (Presidential Team)

- 1.30 Under the IFoA's governing documents (specifically Bye-laws 1 and 2, and Regulations 2-8), Council will decide who serves as the Honorary Officers of the IFoA. Our existing Honorary Officers are the President, Immediate Past President and President-elect (collectively the Presidential Team). The President acts as Chair of Council.
- 1.31 The President of the IFoA is a volunteer role held by a Fellow or Associate of the IFoA. The commitment for this role is three years as part of the three-person Presidential team, sequentially as President-elect, President and Immediate Past President.
- 1.32 The Presidential team has two main roles:
- a. To represent the IFoA at internal and external events and generally, together with the Chief Executive, to be the outward face of the IFoA.
 - b. To support Council and the Chief Executive by ensuring that its agenda addresses the right issues and that processes to support their discussions and decision-

making are effective and efficient.

- 1.33 Council will agree the 'Task and Person Specification' for the President annually, recognising the need for a balance of skills and experience across the Presidential team.

View the existing “Task and Person Specification”

- 1.34 The Nominations Committee will manage the selection process (approved by Council) of candidates for the role of any Honorary Officer and will make a recommendation to Council.

- 1.35 Honorary Officers are not remunerated but are entitled to reimbursement of expenses in accordance with the IFoA's volunteers' expenses policy.

- 1.36 Honorary Officers have no power to commit IFoA resources unless otherwise specified in this Governance Manual or without appropriate written approval obtained in advance by the Chief Executive.

Principles of Delegation

- 1.37 In general, for reasons of efficiency decisions should be taken at the level within the IFoA that is best placed to make them in order to achieve the desired objective, subject to appropriate consultation, checks and balances. Decisions must be based on properly set out recommendations which provide all the necessary information on which the relevant decision-making body will require to be able to make a well-informed decision. Where this information is lacking, the decision-making body may defer a decision until such information is provided.

- 1.38 Further, those who exercise delegated decision-making should act in accordance with the following principles:

- a. Not act contrary to, or alter, a policy or strategy set by Council or its Boards and Committees without proper consultation and approval of Council or the relevant Board or Committee.
- b. Always act in accordance with our **Charter, Bye-laws, Rules, Regulations**, this Governance Manual and within a structure of accountability, ultimately reaching Council, in order to ensure that the interests of our membership as a whole are considered and decisions taken are consistent with our strategy.
- c. Act within the confines of the budgets approved by Council, unless we first obtain further approval in accordance with the rules set out in this Governance Manual and any Financial Regulations and Procedures put in place by the Chief Executive.
- d. Not act in such a way as to give rise to a conflict of interest.
- e. Consult appropriately with our peers and relevant stakeholders (internal and external) in accordance with the requirements of this Governance Manual.
- f. Operate within the constraints of our delegated authority and communicate effectively and on a timely basis with those delegating that authority about how we have exercised it. In particular, those who exercise delegated decision-making should consider when it may be appropriate to inform or consult with those delegating that authority before making the decision.
- g. We may delegate any of our powers to such body or person(s) we consider

appropriate but only if it does not conflict with the terms of our delegated power and the provisions of this Governance Manual. A written record must be made of any such delegation, together with any procedures to be followed and/or constraints imposed on the exercise of the delegated power. A person or body delegating powers to another will remain accountable for the actions and decisions of their delegates. A note of such actions and decisions must be included when reporting under [section 1.38 \(f\)](#).

- h. Consult Management Board where a decision or action to be taken is or is likely to be regarded as controversial or have a significant financial impact or increase to reputational risk or impact on the achievement of the IFoA's strategic objectives, before any such decision or action is taken.
- 1.39 The Chief Executive will, insofar as provided in this Governance Manual, be able to take all decisions necessary to put in place at an operational level a decision taken by another body, such as Council, Management Board, a Board or Committee or a sub-committee.
- 1.40 Delegated or sub-delegated power may be revoked at any time. Any revocation will not alter any decision previously made under delegated or sub-delegated power.
- 1.41 An appropriate written record must be kept of any delegation or sub-delegation.
- 1.42 It is possible for decisions to be taken out of formal meetings for the reasons of urgency. If so, for Council or Management Board, you must first contact our [Corporate Secretary](#). The Corporate Secretary will then consult the President (for Council) or the Chair of Management Board (for Management Board) to decide if the matter will be circulated for a decision, or reserved for a formal meeting.

Operating Framework

- 1.43 In addition, Council has agreed the following framework to guide the management and operational activities of IFoA:
- a. **Strategy** – the strategy sets our strategic objectives to drive the mission, vision and values of the IFoA over the medium to long term.
 - b. **Corporate Plan** – identifies the key actions and activities that will be undertaken in any given year to drive forward the strategy.
 - c. **Budget** – identifies the financial and other resources that will be needed over the year to deliver the corporate plan.
 - d. **Risk framework** – the risk appetite, risk register and monitoring framework that will be used to monitor and mitigate risks to the IFoA and the delivery of its strategic objectives.

The Role of Management Board

- 1.44 Management Board is set up under [Bye-law 17](#). Under delegated authority in accordance with the Scheme and the strategy set by Council, Management Board has oversight responsibility for the operation and management of the IFoA in implementing Council's strategy and, in addition, holds the Executive accountable for its management and operational activities. In contrast with Council its role is, therefore, **primarily oversight of operational management**.
- 1.45 Management Board should report to Council in a timely manner regularly with information on its activities in a form and of a quality deemed appropriate by Council to enable Council to discharge its duties.
- 1.46 As previously noted, to fulfil its role certain powers are delegated to Management Board. These delegated powers are set out in the Scheme.
- 1.47 Management Board may sub-delegate its powers to such other persons as appropriate but will remain ultimately accountable to Council.
- 1.48 Members of Management Board are either members by virtue of their office (for example, the President, President-elect, and Chief Executive) or appointment by Council. Council may, in particular, appoint an independent member (someone who is a Fellow or Associate of the IFoA but is not a member of Council and who has no other role within the IFoA) to act as chair, an independent Lay member, up to three further members of Council (which includes a member of the Scottish Board should the Scottish Board so nominate) and up to two other senior members of the Executive nominated by the Chief Executive. Full details relating to the composition of Management Board are set out in Regulations 10 - 12. Management Board also operates on the basis of an agreed Terms of Reference. Its Terms of Reference and current composition can be found at [Annex 3](#).
- 1.49 Management Board is constituted to enable it to fulfil its role effectively. As a unitary board (i.e. including both non-Executive and Executive members) it has a carefully chosen balance between non-Executive and Executive members together with a degree of independence provided by the Chair and Lay member (should such independent members be so appointed by Council). As in all unitary boards, we recognise that conflicts may arise between an individual's role and responsibilities under that role and their duties to the board as a whole. Any such conflicts are managed by declaring them when they arise and appropriately taking them into account in the discussion and decision-making process on that issue (see [section 4.2](#)).

The Role of the Chief Executive

- 1.50 The Chief Executive is appointed by Management Board under [Bye-law 18](#) with such title and responsibilities as Council may decide. Those responsibilities can be found at [Annex 4](#).
- 1.51 The Chief Executive is, with the Presidential team, a core part of the leadership of the IFoA. The Chief Executive has day to day **responsibility for the management of the Executive** and reports to Management Board. The Executive works collaboratively and shares information as appropriate with Council, Boards and Committees and other volunteers to support the development of strategy, create operational plans to deliver it and provide the management and administration of the IFoA to deliver the agreed strategy and operational plans.

- 1.52 The Chief Executive may sub-delegate his or her powers to other members of the Executive (but will remain ultimately accountable) and must establish Financial Regulations and Procedures as are appropriate for the effective and efficient operation of the IFoA's affairs. Any sub-delegations and Financial Regulations and Procedures must not conflict with the Charter, Bye-laws, Rules, Regulations or this Governance Manual.

The Role of Boards and Committees

- 1.53 In addition to Management Board, Council may set up other Boards and Committees. A Board or Committee may not be dissolved or established without Council's approval. Each of the existing Boards and Committees are set out in the diagram at [section 1.20](#). Their objects, primary reporting line and a link to their Terms of Reference and current composition can also be found at [Annex 5](#).
- 1.54 To help more clearly show the reporting lines, any new body set up to report to Council is to be known as a Committee and any new body set up to report to Management Board is to be known as a Board. The main exceptions to this are the Management Board and Disciplinary Board which both report to Council.
- 1.55 The title and primary reporting line given to a Board or Committee is simply for ease of administration (and in no way reflects the status of a Board or Committee). Accordingly, it is recognised that it may be necessary for a Board to report directly to Council on strategic matters and a Committee to Management Board on operational and budgetary matters, irrespective of its primary reporting line.
- 1.56 Each Board and Committee must operate in accordance with the [Charter](#), [Bye-laws](#), [Rules](#) and [Regulations](#), this Governance Manual and under an agreed Terms of Reference. Unless set out in a particular Terms of Reference, Council and all Boards and Committees must operate under the same procedural rules to conduct their business. Those procedural rules can be found at [Annex 6](#).
- 1.57 Chairs of Boards and Committees (and, where designated, Deputy Chairs) are appointed by Council or Management Board depending on their primary reporting line. Chairs are responsible for the effective operation of their Board or Committee and should consider the balance of skills, experience and diversity available to it from their members, training and development needs and succession planning.
- 1.58 Many Boards and Committees have designated Council members' seats and Council will oversee any such appointments. Management Board will be responsible for approving all other Board and Committee member appointments on the recommendation of the relevant Chair.
- 1.59 All appointments to Boards and Committees will normally be for a fixed term, typically two or three years, with one renewal option of the same duration. They will be subject to an open and transparent appointment process (using the volunteer recruitment process or similar). Positions will normally be on an unremunerated basis, but, where a remunerated position is agreed by Management Board, terms will be set by the Chief Executive in consultation with Management Board (or Council where it relates to the chair of a board or committee reporting directly to Council). Expenses will be reimbursed in line with the IFoA's volunteers' expenses policy.

See "Volunteers' Expenses Policy"

- 1.60 In line with our **values**, it is important that Boards and Committees (and any of their

working parties or sub-committees) co-ordinate their work to avoid wasteful resources and inconsistency in our decisions, policies, processes and outputs.

- 1.61 Each Board and Committee (and working party or sub-committee) must keep Council and other Boards and Committees appropriately informed and consulted about any activities which do, or may potentially, impact or touch on the work or responsibility of Council or another Board or Committee. It is therefore vitally important to be familiar with the Terms of Reference for Council, Management Board and each Board and Committee to recognise as soon as possible where a “dialogue” is required. In circumstances where a topic falls within the remit of a number of different groups within the IFoA, it is important to ensure those interested parties are brought into the proposal to the topic at an early stage to ensure a coherent approach. In particular, it is recognised that the Chairs for each Board or Committee (including all Practice Boards, working groups and sub-committees) play an important role in information sharing and are expected to pro-actively engage with his or her fellow Chairs on a regular basis.
- 1.62 Where a Board or Committee is ultimately accountable for a specific element of work under this Governance Manual or its Terms of Reference, another Board or Committee (albeit consulted and its views considered) will not have the authority to override or overturn a recommendation made by the accountable Board or Committee. Any disagreement that cannot be resolved between the Boards and Committees should be referred in the first instance to Management Board. Where the disagreement cannot be resolved to a mutual satisfaction by Management Board or a proposed resolution will require a change in strategy, the disagreement or the proposed resolution should be referred by Management Board to Council.
- 1.63 It is also recognised that a key part of our strategy is to speak up on relevant matters of public interest and to raise awareness of the work of actuaries and the value we add to society, and to develop and deliver upon a proactive stakeholder engagement programme in the UK and internationally. It is important that external engagement is coordinated. Opportunities may become available, from time to time, to represent the IFoA at an external event or meeting or to speak to the press, regulators, government bodies and others as our representative. Specific procedures apply in such circumstances, including where applicable the need first to gain clearance from our Public Affairs team. Those procedures are set out in our [Volunteer Information Pack](#) and must be observed.

Trust Funds, CERA, ARC, Scottish Endowment Fund, Subsidiaries and The Actuary

- 1.64 The IFoA has in place three **Trust Funds** for which it acts as sole trustee. The Trust Funds and their primary objectives are set out below for ease of reference.

The Memorial Education and Research Fund

The objectives of the Fund are:

The promotion for educational purposes of research in actuarial science and subjects related, that research and the publication of the results of such research.

The advancement of education in actuarial science and subjects related to that education.

Awarding to actuaries, or persons intending to become actuaries, exhibitions, scholarships or grants tenable either at any educational establishment approved by the IFoA or for the purposes of obtaining professional training.

The Memorial Prize Fund

The objectives of the Fund are to apply the funds towards prizes in connection with the examinations of the IFoA or for the meritorious contribution to actuarial science.

The Faculty of Actuaries in Scotland Charitable Trust

The objectives of the fund are the encouragement, advancement and support of education, research and study in actuarial science and related subjects.

- 1.65 The IFoA plays a key role in the governance, operation and management of three significant actuarial initiatives, acting in association with other associations and/or affiliations, as follows:
- a. **Chartered Enterprise Risk Analyst (CERA)** – on 13 November 2009, fourteen actuarial associations from countries across the world joined together in signing the Global Enterprise Risk Management Designation Recognition Treaty. The IFoA is one of the fourteen founding members. The purpose of CERA is to facilitate the growth and international spread of the actuarial profession within the sphere of enterprise risk management by establishing and recognising on a global basis a professional credential for the actuarial profession – the “CERA designation” – representing expertise in the field of enterprise risk management. A legal entity known as the CERA Global Association (**CGA**) has been established to further the tasks in connection with this purpose. The General Assembly is the supreme corporate body of the CGA. In addition, a Treaty Board and a board of directors have been established; both being composed of the same members. Being a founding member, the IFoA may nominate a delegate to sit on the General Assembly, the Treaty Board and the board of directors. Vacancies shall be advertised by the IFoA with such appointments being approved by Management Board. The IFoA is also entitled to appoint a representative(s) to a Review Panel put in place by the CGA. Vacancies shall be advertised by the IFoA with appointments being approved by the Chief Executive. The IFoA’s Directors shall report to Management Board at least annually on any significant activities relating to CERA.
 - b. **Actuarial Research Centre (ARC)** – originally launched in 2012, today the ARC is a global network of actuarial researchers. Its purpose is to provide cutting-edge actuary research programmes, in collaboration with industry, which are relevant, innovative and practical. It, accordingly, acts as the main vehicle for the delivery of the IFoA’s commissioned research programme, complementing the working party research carried out by volunteers. The Research and Thought Leadership Board (**RTLB**) oversee the strategic direction of the ARC and sets its objectives, subject to the IFoA’s overall strategy. The RTLB is also responsible for overseeing and monitoring the operation and funding of the ARC. Academic oversight of the research programmes running through the ARC is provided the ARC Director and Associate Directors, who together form a panel of leading academics in actuarial science. Vacancies for the position of ARC Director and Associate Directors shall be advertised by the IFoA, with the appointment of the ARC Director being approved by Council and the Associate Directors by RTLB. Activities of the ARC are funded by IFoA resources (dedicated research budget, the Trust Funds, Scottish Endowment Fund and other funds available to the IFoA) and third party funding. Those activities funded by the Scottish Endowment Fund (projected to run up to 2019) are overseen by the Scottish Board and, as such, a member of the Scottish Board shall be a member of the RTLB. The RTLB shall report regularly to Management Board and Council on its ARC

activities.

- c. **Certified Actuarial Analyst (CAA)** – the CAA is an international professional qualification for those who excel in technical and analytical skills as trained analysts, giving financial institutions qualified professionals to fill key roles. CAA is offered by CAA Global Limited, a joint venture of the IFoA and the Society of Actuaries.
- 1.66 Following the merger in 2010 of the Faculty of Actuaries in Scotland and the Institute of Actuaries to form the IFoA, it was agreed to earmark a fund of £500,000 (plus interest) to facilitate actuarial activities in Scotland (**the Scottish Endowment Fund**). The Scottish Board oversees the use of the Scottish Endowment Fund.
- 1.67 The IFoA has three wholly-owned subsidiary undertakings as follows:
- a. **Institute and Faculty Education Limited** – provides tuition for students taking the actuarial examinations by contracting with the Actuarial Education Company (ActEd).
 - b. **Continuous Mortality Investigation Limited** – CMI carries out research into mortality and morbidity and makes this available to organisations and individuals who register as CMI users.
 - c. **ICA98 Limited** – provides the framework through which the IFoA operates its overseas representative offices.
- 1.68 Each of the subsidiary undertakings has its own board of directors responsible for governance and management oversight. Management Board on behalf of the IFoA appoints the directors of each subsidiary.
- 1.69 The IFoA has full responsibility of running The Actuary Magazine. The governance structure for The Actuary is set out below. In summary, designed to carefully align with the IFoA's Strategy, provide practitioner and member representation and give the IFoA sight of content prior to publication, importantly the structure includes a Volunteer Editor ensuring editorial independence. The Volunteer Editor shall report at least annually to Management Board on operational matters, and on strategy to Council.

2. FINANCE AND OPERATIONS

- 2.1 Although this Scheme sets out some explicit financial delegations, it does not set out the operational procedures that apply to financial matters. Under the Scheme that our annual budget is approved by Management Board after consulting Council. However, the rules on unbudgeted expenditure and how the budget is prepared and compliance monitored can be found in the Financial Regulations and Procedures (which include the financial thresholds in [section 2.2](#)). It is therefore vitally important at an operational level that this Governance Manual is read with the Financial Regulations and Procedures, particularly where any decision or action is or is likely to have a financial impact.
- 2.2 However, it is not possible to account for every eventuality in this Governance Manual or in the Financial Regulations and Procedures. As a result, if any transaction, project, action, contract, commitment or decision, has or may possibly have a financial impact – and an approval process is not set out in the Scheme or the Financial Regulations and Procedures for that transaction, project, action, contract, commitment or decision – the following “rules of thumb” will apply for budgeted and unbudgeted expenditure:

Budgeted Expenditure

Financial Impact	Approval Required (to authorise spend)
Over £2 million	Council
£500,000 - £2 million	Management Board
Less than £500,000	Chief Executive

Unbudgeted Expenditure

Financial Impact	Approval Required (to authorise spend)
Over £1 million	Council
£250,000 - £1 million	Management Board
Less than £250,000	Chief Executive

- 2.3 Advice on how to estimate the value of a potential transaction, project, action, contract, commitment or decision is set out in the Financial Regulations and Procedures. In general the value will be assessed over the lifetime of the contract using best estimates where the amounts are uncertain or variable and ignoring any break clauses.
- 2.4 As a professional membership organisation acting in the public interest it is also important that we operate as efficiently as we can and because of that should not assume that what we have always done or that our existing suppliers deliver best value for the IFoA. As such, the Chief Executive is expected to put in place rules setting out how the IFoA awards and enters into contracts, including for the procurement of works, goods and services. These rules cannot simply be ignored for reasons of “convenience” and compliance is expected at all times.
- 2.5 It is also recognised that once a financial commitment has been approved in accordance with this Scheme, in most circumstances pen will, at some point, then need to be put to paper, for example, to sign a contract, a letter, or other document. Specific rules are in place setting out who is authorised to sign (and therefore commit) the IFoA to a financial, contractual or quasi- contractual arrangement. Those rules can be found in the Financial Regulations and Procedures and must be complied with at all times. In short, however, it is only the Executive that has the power to sign on behalf of the IFoA, and not volunteers or members of any Board or Committee or sub-committee unless such power is given under this Scheme, a Terms of Reference or is otherwise approved by Council.

3. VOLUNTEERING

- 3.1 Volunteers are fundamentally important to our success. We are committed as a membership organisation to valuing, growing and encouraging our volunteering community, and to help achieve that aim will publish our Volunteer Induction Pack bringing together in one place all the material to support our volunteers and to give additional tips and hints for best practice.

[“View the “Volunteer Information Pack”](#)

4. CONFLICTS

- 4.1 If there is any conflict between this Governance Manual and the Charter, Bye-laws, Rules and Regulations, the Charter, Bye-laws, Rules and Regulations will always prevail.
- 4.2 Any personal interest or perceived or actual conflict of interest in any issue under consideration must be declared to the secretary of the body concerned ideally in advance of the meeting or failing that during the meeting but before the relevant issue is discussed. This will be taken into account and managed appropriately when discussing and/or deciding the issue (see [section 19 of Annex 6](#)).

5. MONITORING AND UPDATING

- 5.1 Management Board will monitor the effectiveness of our governance structure and framework and will report to Council at least annually on the appropriateness of our governance regime.
- 5.2 Management Board will also keep under review the operation of this Governance Manual and make such changes as it thinks appropriate from time to time for the smooth and efficient running of our affairs, submitting any significant changes in principles, policy or structure to Council for approval.

List of Reservations and Delegated Authorities (the “Scheme of Delegations” under Bye-law 13)

Notes:

- a. This Annex lists those people or bodies to whom authority is reserved or has been delegated in accordance with Article 8 of the **Charter** by the IFoA’s Council to take decisions on its behalf and/or to commit the IFoA to financial, contractual or quasi-contractual arrangements. It represents the “scheme of delegations” under **Bye-law 13**.
- b. Where persons or a body with reserved or delegated authority is Council (“**C**”), Management Board (“**MB**”) or the Chief Executive (“**CE**”), this is shown by a tick. Where delegated authority is given to others there is no tick and the delegation is specified in the notes.
- c. The notes contain further details of any delegation limits, a cross-reference to the relevant section of the **Charter, Bye-laws, Rules or Regulations** and additional helpful context (such as the recommending body to the person or body with authority to review recommendations and make decisions).
- d. In general, any documents that commit the IFoA to financial, contractual or quasi-contractual arrangements should be signed by the CE or his/her delegate as specified in the IFoA’s Financial Regulations and Procedures published internally by the CE (and therefore not set out in this Annex). The President (or his/her delegate) is authorised to sign documents approved by Council. The Chair of MB (or his/her delegate) is authorised to sign documents approved by MB.
- e. Any person or body to which powers have been delegated may further delegate that authority to any sub-committee or person under **Bye-law 14**, provided the delegation does not conflict with the principles of this Governance Manual. All such delegations must be made in writing and clearly set out any constraints imposed on the delegated power.
- f. This Annex is sub-divided as follows:
 1. Governance Framework
 2. Membership
 3. Finance and Operations
 4. Relationships with other Bodies
 5. Volunteering.

COUNCIL

Terms of Reference

Purpose

To discharge its responsibilities as the governing entity of the IFoA in accordance with the **Charter**. Exercises governance and control over the IFoA and its affairs. Represents and is accountable to the IFoA's members and takes their views into account when making decisions. Demonstrates leadership and drives the mission, vision and values of the IFoA by setting strategic direction. Council delegates operational oversight to the Management Board and various other powers and responsibilities to other Boards and Committees and to the Executive. Council determines the governance structure and framework, including at a high level the IFoA's scheme of delegations.

Key Responsibilities

1. Strategy

- a. Decides on the strategy for the IFoA, being satisfied that it fairly reflects the interests of the profession, and ensures that it remains appropriate.
- b. Decides on major changes of policy that are put to it by the Management Board or any other appropriate Board or Committee.

2. Planning and reporting

- a. Considers the annual corporate plan and budget.
- b. Considers the Annual Report and Financial Statements.
- c. Reviews annually the risk management framework, including risk appetite.
- d. Approves changes in subscriptions and other membership charges.

3. Governance

- a. Manages the election process for members of Council and the election or appointment of Honorary Officers.
- b. Approves changes to the **Charter**, **Bye-laws**, **Rules** and **Regulations**, where appropriate to be put to the membership for approval.
- c. Approves significant changes to the governance structure and framework, including the main principles of the IFoA's scheme of delegations as recorded in the Governance Manual.
- d. Appoints chairs to and approves the terms of reference of:
 - i. Management Board
 - ii. Audit and Risk Committee
 - iii. Nominations Committee.

- e. Appoints Council members to designated positions on Boards and Committees.
- f. Appoints the Volunteer Editor for The Actuary.
- g. Complies with the Governance Manual.

4. Oversight

- a. Monitors progress towards achievement of strategic objectives.
- b. Monitors risks that may threaten the achievement of strategic objectives and how these are managed.
- c. Ensures that the Management Board is operating effectively.
- d. Ensures that the volunteer structures of the professional body are appropriate and operate effectively.

5. Wise counsel

- a. Considers and takes appropriate action on reports from Boards and Committees.
- b. Considers issues raised by individual Council members.

6. Reserved decisions

- a. Takes decisions on any matters reserved to Council under the scheme of delegations.

Membership

Executive Support: Corporate Secretary

Council shall comprise 30 Fellows or Associates who shall be elected by vote of the members of the constituency of which they are a member, plus up to 3 co-opted Council members.

[View the “List of members of Council”](#)

The IFoA conducts elections to the Council every year when nine members retire. Any Fellow or Associate may stand for election, subject to completing and submitting forms prescribed by Council.

[View the “Task and Person Specification for members of Council”](#)

The Honorary Officers – the President, Immediate Past President and President-elect – are appointed by Council. The President-elect is elected at least 60 days before the Annual General Meeting from which time he or she will start their one year term as President-elect. If not a member of Council, the President-elect will be co-opted to Council and remain on Council until they cease to be an Honorary Officer. The term of the President is one year. The Immediate Past President will remain on Council for one year after the end of their Presidency.

Specific Procedural Rules

1. The quorum for meetings of the Council is 10 members of Council.
2. The minutes of all Council meetings shall be made publicly available on the IFoA's website, but only after they have been formally approved by Council (note: certain aspects of the minutes may be redacted if considered necessary by Council).
3. Specific voting thresholds apply to amend the [Charter](#), [Bye-laws](#), [Rules](#) and [Regulations](#) as

described in [section 1.24](#) of this Governance Manual

RULES AND PROCEDURES FOR BOARDS AND COMMITTEES

Application

1. These rules and procedures apply to Council and to any Board, Committee, sub-committee or working party established by and within the IFoA (referred to as a Body hereafter), other than where specific rules or procedures are set out in the Terms of Reference for a Body (when such specific rules and procedures shall take priority).

Membership

2. The membership of each Body shall vary dependent on what is appropriate given its nature and purpose. The membership constitution must, however, be set out in the Body's Terms of Reference.
3. Other than where specifically designated otherwise, members shall be appointed to the Body by the body to which the Body reports on the recommendation of the Chair. In making such recommendations, the Chair shall seek to ensure an appropriate balance of skills, experience and diversity. Appointments will normally be for a fixed term, typically two or three years, with one renewal option (any such renewal being of the same duration). The body to which the Body reports shall have the authority to remove the Chair or member of the Body.
4. Members may resign at any time by giving written notice to the Chair.

Chair and Deputy Chair

5. Meetings of Council shall be chaired by the President. The President may nominate either the President-elect or Immediate Past President to act as chair. In the absence of such nomination the President-elect and Immediate Past President shall agree who will chair the meeting between them. In the absence of the President or such designate, such other person as the members of Council present shall determine may act as chair.
6. In all other cases, meetings shall be chaired by a Chair appointed by the body to which the Body reports. The Chair must designate another member to chair a meeting in his/her absence, unless the position of Deputy Chair is designated in the Body, in which case the Deputy Chair will chair the meeting. In the absence of such designate, such other person as the members of the body concerned shall determine may act as chair in his/her place.

Quorum and Adjournment

7. Unless otherwise stated in a Terms of Reference, a Body shall be quorate if at least one third of the membership is present (rounded up to the nearest whole number). A Body may continue to act notwithstanding any casual vacancy in its membership, but the quorum requirement shall be applied as if there were no such casual vacancy.
8. In the absence of a quorum, any decisions taken shall be subject to ratification at the next quorate meeting.

Notice of Meetings

9. A schedule of meetings shall be agreed with the Chair and made available to members one year in advance. The frequency of meetings shall vary dependent on the purpose and work load of each Body, however at least two meetings shall be scheduled per

annum. It is recognised that sub-committees and working parties by their very nature may be convened to deal with specific matters and shall therefore meet as and when the need arises.

10. Unscheduled meetings of a Body may be called by the Chair at any time (provided notice is given as per [paragraph 11](#)) where specific or urgent attention must be given to a particular matter.
11. Notification of a meeting together with its agenda shall be given to members by e-mail at the address supplied to the Body's secretary not less than seven days in advance of the meeting. Each notice shall specify the date, time and place of the meeting. The accidental omission to give notice of a meeting shall not, however, invalidate the business of the meeting.
12. A meeting may be called at short notice if all the members of the Body at that time so agree.

Confidentiality

13. The business of all IFoA Boards, Committees, sub-committees and working parties is confidential to the IFoA, and should not be disclosed outside the IFoA without the written consent of the IFoA's Chief Executive. This does not prohibit members of a Body discussing papers with:
 - a. members of other IFoA Bodies and in fact pro-active consultation and dialogue is encouraged (see [sections 1.60 and 1.61](#) of the Governance Manual); or
 - b. a person or persons (such as colleague(s)) whose reactions or views may serve as a measure of the effectiveness of proposals, ideas, etc. being put forward for consideration by a Body, therefore helping members of the Body frame their own reactions or views.
14. Where it is determined that a paper is confidential only to a particular Body the degree of confidentiality should be made clear. In such cases, members shall not divulge the papers or discussion to anyone who is not a member of the Body without the consent of the Chair.

Conduct of Meetings

15. The business of meetings shall be as set out in the pre-circulated agenda.
16. Members must give notice to the Chair at the earliest opportunity prior to the next scheduled meeting of a proposed item of business. The Chair shall decide on its inclusion in the business for the next scheduled meeting or at a subsequent meeting. Agendas and papers must be approved by the Chair prior to issue to other members.
17. Papers shall normally be issued to members with the agenda within the timescales set out at [paragraph 11](#). Where this is not practicable for valid reasons, papers shall be issued to members no later than two days prior to a meeting. Papers tabled at the meeting will only be considered at the discretion of the Chair.
18. The consideration of any business not notified in the agenda may only be permitted at the discretion of the Chair.
19. Any member who has a personal interest or any perceived or actual conflict of interest in any item of business shall, as soon as practicable, disclose that fact to the Body and shall withdraw from that part of the meeting unless specifically requested to be present by the Chair. A list of such personal interests and conflicts shall be maintained by the secretary of the Body.
20. Any member shall be entitled to speak to an item but the Chair may, having regard to equity of opportunity, limit the duration and frequency of a members' contribution to any one item of business.
21. Unless otherwise stated in a Terms of Reference, a decision shall be passed by a majority of members present. Agreement may be reached at meetings by general assent without a formal

vote. Where a vote is considered necessary by the Chair, this shall be carried out by way of a show of hands. In the case of an equality of votes, the Chair shall have a second or casting vote.

22. Participation at any meeting may take place remotely, including through the use of telephone or video conference facilities where one or more members may be in a different location, provided that each member is able to speak to and hear the other members and be heard by them. The conduct of any meeting by such remote means shall be regulated in such a manner as the Chair may from time to time see fit.
23. A member who is unable to attend a meeting may vote either in advance by e-mail to the relevant secretary or may authorise the Chair or another member of the Body to vote on their behalf.
24. Other non-members attending a meeting shall be entitled to attend, and allowed to speak at, meetings strictly on invitation of the Chair. Attendance by non-members should, however, be occasional (not permanent), for example where it may in particular be necessary to allow suitable persons to speak to the content of papers submitted to the Body.
25. A note of attendees at each meeting shall be recorded in the minutes. Apologies for absence from a meeting must be given to the Chair (or nominated member).
26. Each Body shall be provided with a secretary by the IFoA or, if not appropriate, the Body shall elect a member to act as secretary to prepare draft minutes of each meeting. Draft minutes shall be circulated to the Chair for consideration prior to wider circulation to other members normally within one week of the meeting. All minutes must be approved as an accurate record at the following quorate meeting. All minutes must be stored securely in an IFoA central depository held by the Executive.
27. Some business may be dealt with out of formal meeting by correspondence, telephone or video communication, or by other means, where deemed necessary by the Chair. Any decisions taken between meetings shall be formally recorded in the minutes of the next meeting.

Effectiveness

28. The Chair shall carry out a review of the effectiveness of the Body at least once each year. The result of this review shall be reported by the Body to the body to which the Body reports.

Delegation

29. The Body may delegate any of its powers to such body or person(s) it considers appropriate. A written record shall be made of any such delegation, together with any procedures to be followed and/or constraints imposed on the exercise of the delegated power. Any decisions made under such delegated powers shall be reported to the Body at the next meeting.

Expected Performance

30. All members should comply with the rulings from the Chair in the conduct of the business at IFoA meetings. All members should respect the Chair, colleagues and employees of the IFoA and treat them with courtesy. All members should apply this principle in their dealings with IFoA stakeholders and members of the public when performing duties as representatives of the IFoA. Members should devote sufficient time to undertake their work with due diligence and care. Levels of individual performance will be considered by the Chair when reviewing the Body's effectiveness each year and included in the report that is made on the Body's effectiveness to the body to which the Body reports.
