My Own Adventures in Microinsurance

- In 2007 I left my job to become an independent consultant
- Volunteer: Microinsurance Academy
  - Spreadsheet analysis
  - Writing content for annual conference

PREQUEL / BACK STORY

I went on my first mission trip in 2005, and 3 weeks later I moved to Honduras for a year. When I returned to my prior job I knew something was missing.

Exploring the Book
Actuaries in Microinsurance

- 20 actuaries wrote chapters
- 12 technical chapters + 10 anecdotes
- It is a useful resource to for finding your own adventure in Microinsurance.

- Lessons learned from the book.
The Basket Treasure Game

- Concept-teaching exercise
  - Explain INSURANCE as a concept
  - Review personal risks / costs
  - Demonstrate pooled risk management

- Building trust and communication
- Understanding local concerns
Designing and Pricing with Little or No Data

- There are many cases where there is little or no data available for pricing health microinsurance models.
- This is often the case in developing nations.
- Market Research is one solution.
  - How do you do market research in a developing region?
  - What do you do with the results?

Milliman in South Africa

- Milliman supported Millward Brown, a local South African market research firm, to perform face-to-face interviews.
- The questionnaire was translated into Zulu and Sesotho.
- Appendix A includes the questionnaire and responses
Precaution When Communicating Results

- Evaluating product design and claims experience of a health MI product in Kenya.
- I projected that loss ratios would exceed 120% once the business reached maturity.
- All that was left for me to do was email my spreadsheets, right?

Precaution When Communicating Results

- “Remember your actuarial standards of practice”
- I prepared a report which made the analysis more useful, and reduced the likelihood of somebody being upset with me when future results do not exactly match projections.
What is Micro Takaful?

In many Muslim countries, the take-up of insurance products, traditional or micro products, is extremely low, in part due to concerns over the Islamic acceptability of insurance.

- Key principles underlying Takaful
  - Sharia-compliant operations
  - Voluntary contributions / donations or tabarru in replacement of premium
  - Transparency
  - Ethical requirements, particularly in investments of assets
  - Interest-free financial transactions

Micro Takaful in Malaysia

The book provides an in-depth primer:

- Where are the emerging opportunities?
- How is it different than traditional insurance products and Mi?
- How does Takaful operate?
- Case study in Malaysia
